

# SPCA

**What does SPCA stand for?** Society for the Prevention of Cruelty to Animals

**What does the SPCA do?** Protects all animals and provides education to owners

**What animals do the SPCA care for?** All animals—big and small

**What is an SPCA Inspector?**

A law enforcement officer who enforces the national law that protects animals

**Is the SPCA a government department?** No.

The SPCA is a non-governmental organisation (NGO) and does not get any government funding but relies on public donation

**What is the law that protects animals?** The Animals Protection Act No 71 of 1962.

**Is it against the law to harm animals?** Yes.

Animals must be properly cared for and treated well.

**What happens if someone is cruel to an animal?**

They can be prosecuted and if found guilty they can be sentenced to jail and or they can get a fine and will get a criminal record.

*Remember it is against the law to harm Children or Animals*

Real Heroes are Kind and Caring  
**BE A HERO**

## Children and Animals are protected by the law and may not be harmed

### How can YOU help animals?

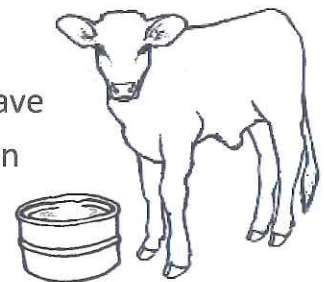

If it is your responsibility to let the animals out of the kraal so they can go and graze, make sure you do this before you play. They will be hungry and it is not kind to keep them waiting.

Can you cut some nice fresh grass to put into the laying box inside your chicken pen? The hen can lay her eggs in a clean place and the eggs will not be dirty. Check she has water.

Litter is not good for the environment and if animals eat litter they can get sick and die. You can help by throwing your litter in the dustbin, encouraging your friends to do the same. You can also pick up litter in the veld, street or yard and throw it in the dustbin.

Any animal that is kept inside the yard or kraal must have some shelter from the hot sun or the rain. And of course they must have water or they can become dehydrated, sick and irritable. You can be a good helper by filling up the water bowls or troughs.

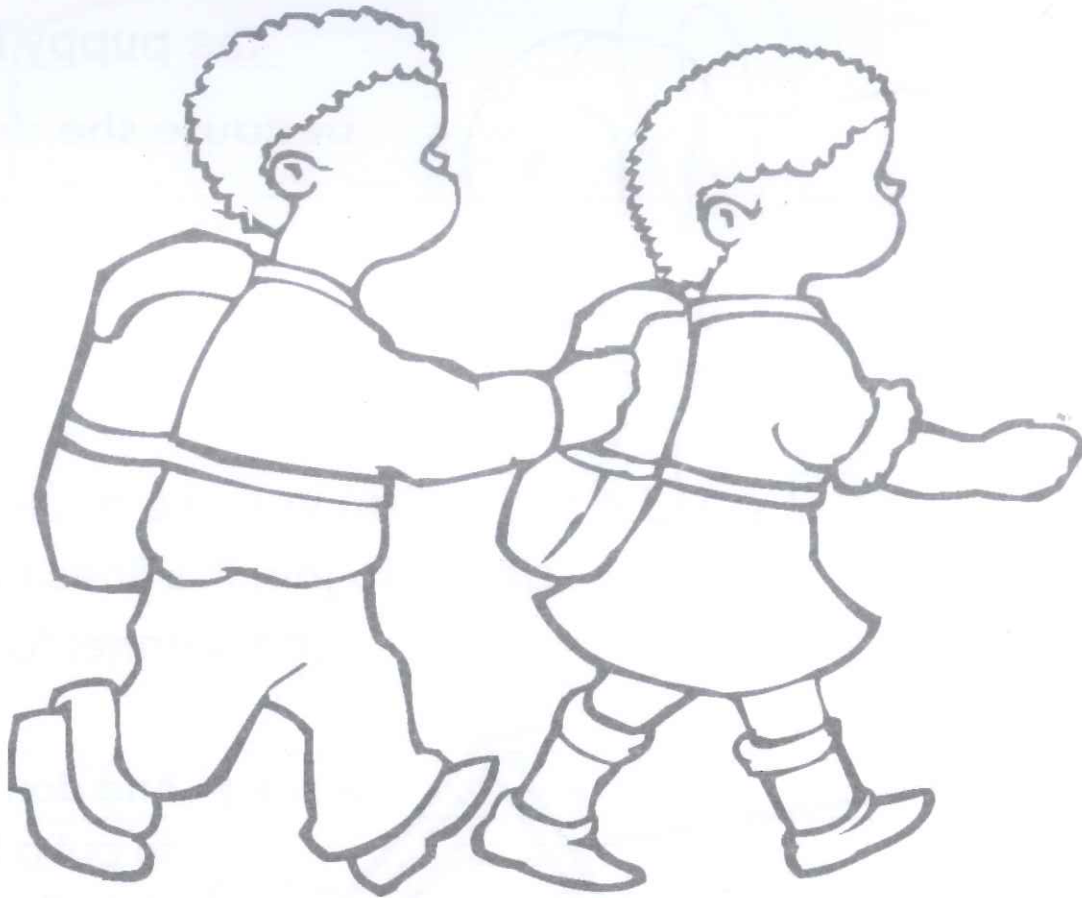

If you have a dog make sure you spend time every day talking to them and playing with them. They can get lonely and sad if they are ignored. You can be a good friend.

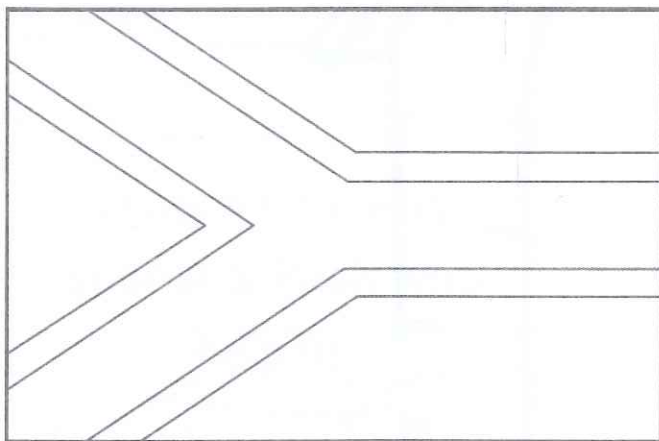

**Animals give us friendship, protection, food and work. It is our responsibility to care for them**

# Going to School

These children are walking to school. They must walk safely and watch out for traffic. Hold hands when crossing busy roads and look right and left. Only cross the road when it is safe.

Remember it is not safe to play on the road. It is not safe for animals to be on roads without someone watching over them. Always keep your animals off the road. BE SAFE

**Do you know the colours on the South African Flag?** \_\_\_\_\_

Can you colour in the picture?

What is your favourite colour?

\_\_\_\_\_

It is important to study hard at school.

What is your favourite subject?

\_\_\_\_\_

It is also important to be kind and respectful.

What kind thing did you do this week?

\_\_\_\_\_

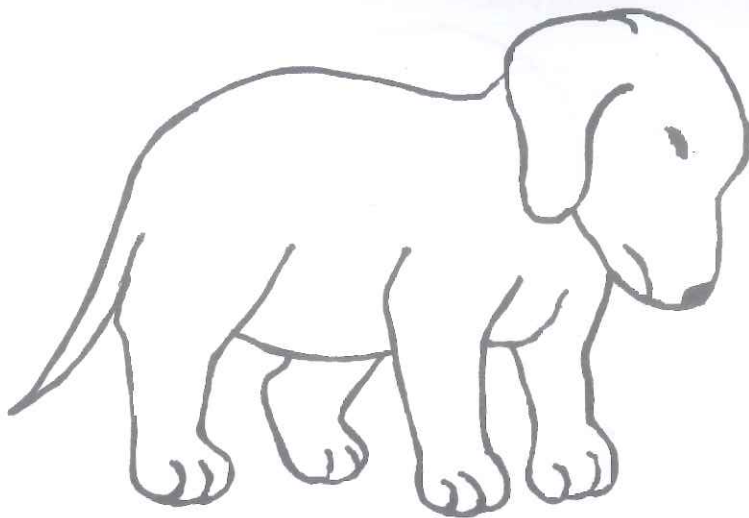

\_\_\_\_\_

\_\_\_\_\_

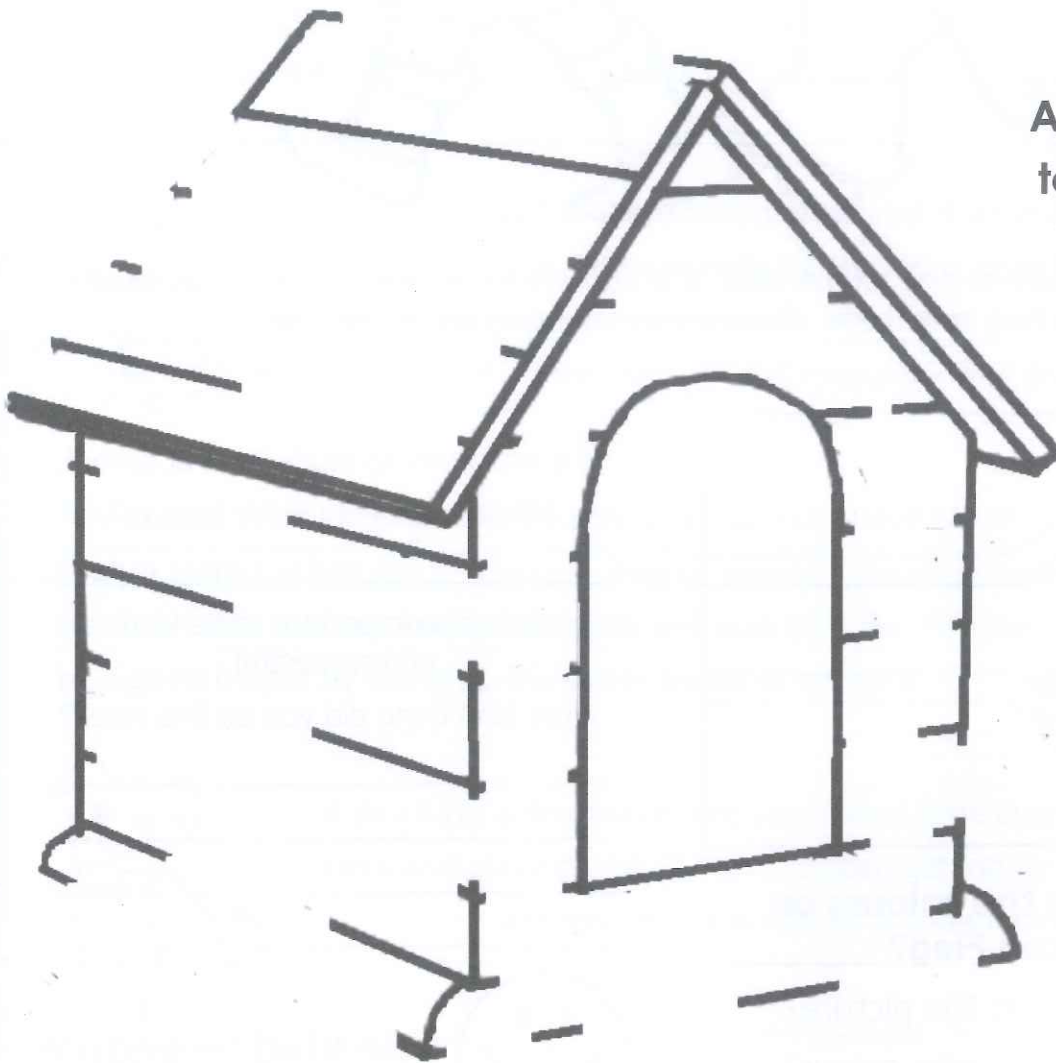

**Be kind to people and animals**

## People and Animals have feelings

The puppy is sad  
because she doesn't  
have a  
house to stay in

Can you use a ruler and  
pencil to join the lines and fix  
the kennel for her?

And don't forget  
to put a blanket  
into the kennel

Can you draw a nice big water bowl for the puppy next to her kennel?

Complete the Pictures and colour the animals

Donkeys are very special animals who help us.

Donkeys are proudly African animals

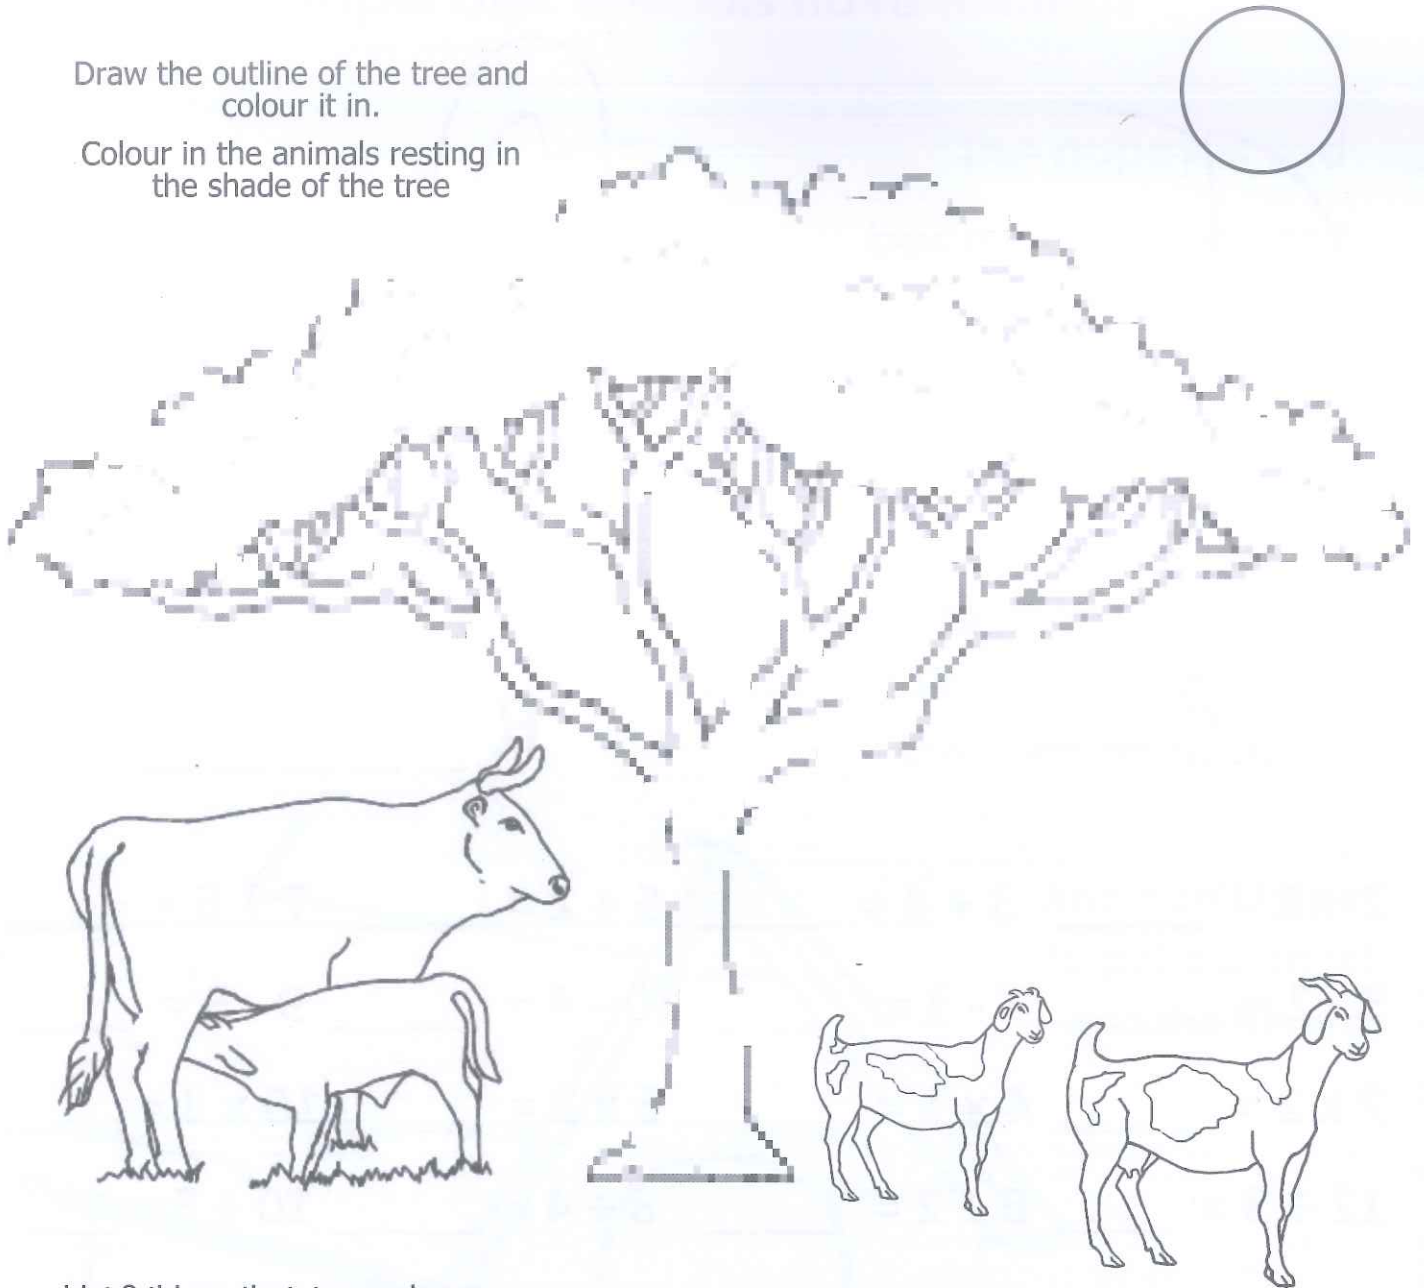

Donkeys are *Indigenous* to Africa (meaning this is where they come from).

# CARE FOR THE ENVIRONMENT

Draw the outline of the tree and colour it in.

Colour in the animals resting in the shade of the tree

List 3 things that trees give us

---

---

---

Trees can take many years to grow and some can live to be thousands of years old if they are not chopped down. Trees are valuable and must be looked after

Can you write down the name of three trees?

---

---

---

Draw and colour your favourite fruit from a tree

# Frogs help people by eating mosquitoes

Mosquitoes can carry Malaria

Malaria is a disease that can make people very sick or even kill them

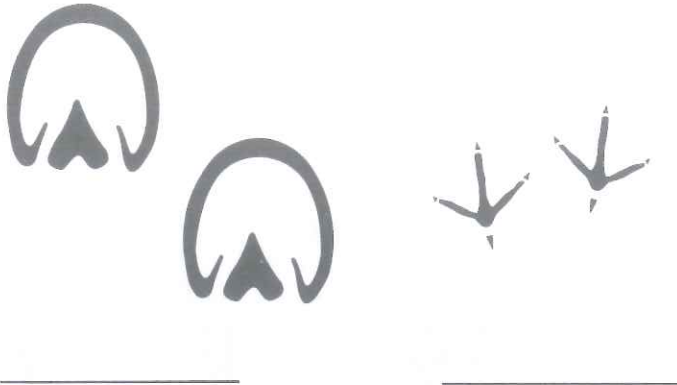

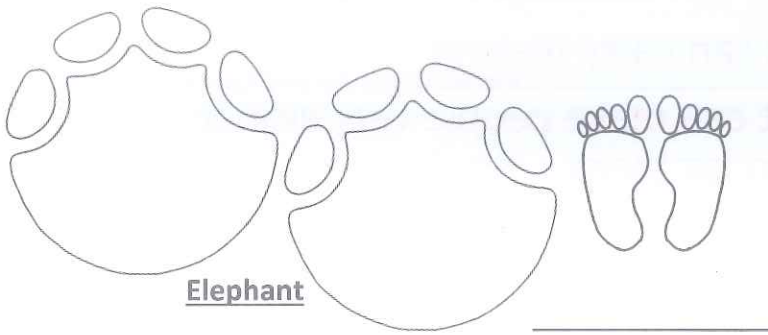

How many spots are there on the big frog \_\_\_\_\_

How many mosquitoes can you count \_\_\_\_\_

Name one other animal that eats mosquitoes \_\_\_\_\_

## Name the Footprints

Elephants are the largest living land animal

Elephants use their trunks to help them lift up food, and to suck up water and pour it into their mouths

Elephant herds are lead by the largest and oldest females

Elephants have excellent memories

$19 + 32 = \underline{\quad}$

$7 \times 7 = \underline{\quad}$

$12 \times 4 = \underline{\quad}$

$5 \times 14 = \underline{\quad}$

$27 - 14 = \underline{\quad}$

$39 - 24 = \underline{\quad}$

$59 - 26 = \underline{\quad}$

$28 \div 4 = \underline{\quad}$

$100 \div 25 = \underline{\quad}$

$60 \div 5 = \underline{\quad}$

Join the numbers to find the animal

# Fire is Dangerous

Fires should not be left unattended.

Just one spark can start a veld fire which can kill people, animals and plants.

Fire can destroy homes, crops, grazing and equipment

**Fires Kill and Destroy**

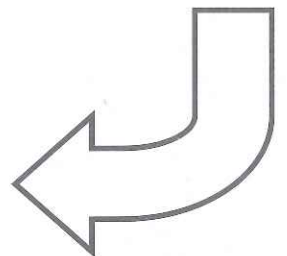

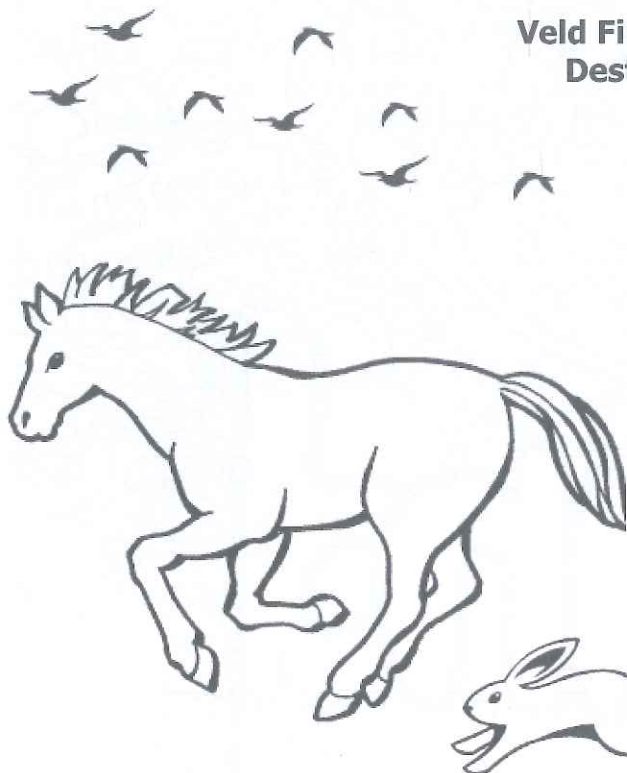

**Never play with fire**

There should always be a responsible adult around where fires are lit

If you see or smell a veld fire immediately tell a responsible adult so that they can stop the fire or call for help

**Veld Fires can Terrify, Destroy and Kill**

# HELPING EACH OTHER

Grandmother is not feeling well today. Vuyiswa helps Grandmother by feeding the chickens and giving them water. Thank you Vuyiswa.

Can you draw a pretty hairstyle for Vuyiswa?

Can you colour in this picture?

How many chickens is Vuyiswa feeding ? \_\_\_\_\_

Vuyiswa's brother Xolani has been helping by feeding and watering the pigs. He has also given water and food to the donkeys so they will feel fit and strong to take Grandmother to the clinic.

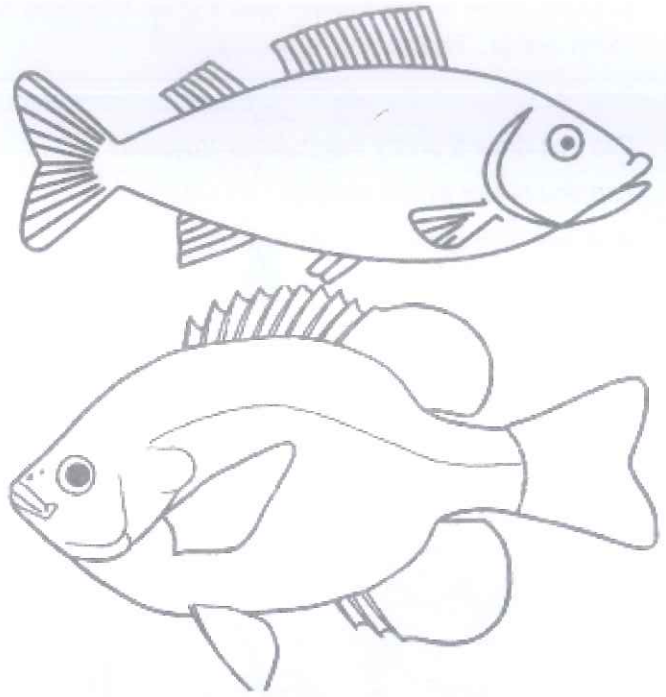

## WATER IS PRECIOUS

People, Animals and Plants need water to live.  
Water is most important for drinking and we must not waste water or pollute rivers.

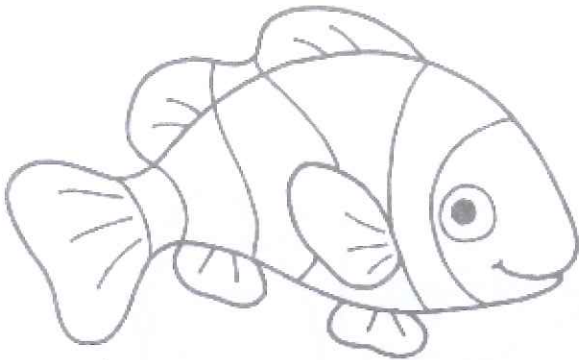

Water is used for many other things like watering crops, cooking and washing.

Remember to give your animals water every day

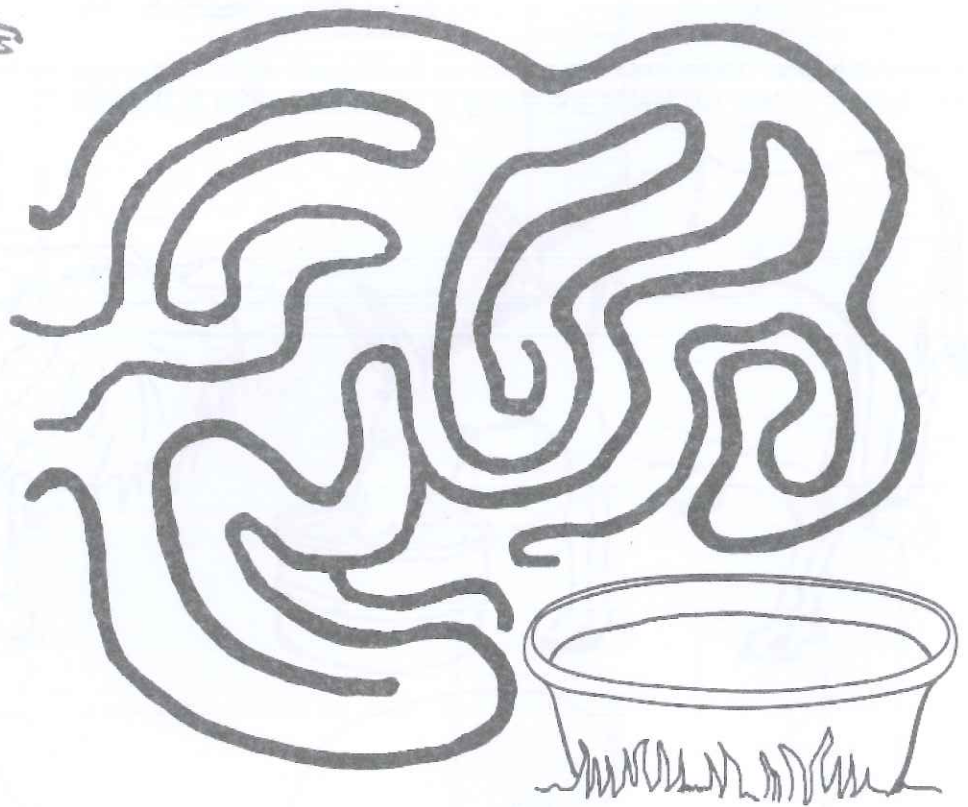

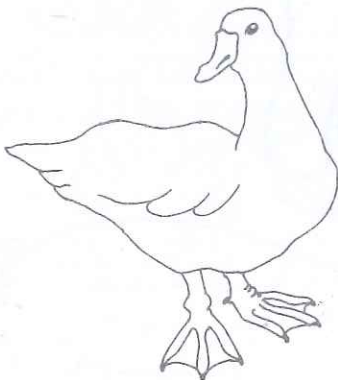

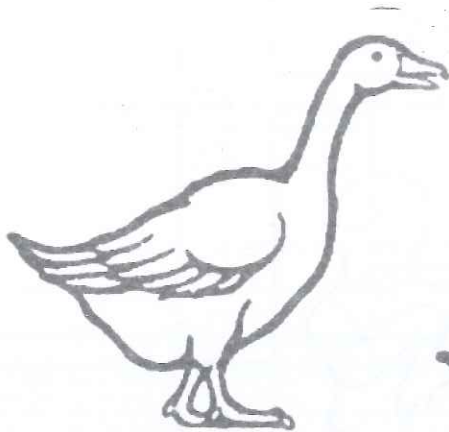

Fish are animals that live in water.

Fish have feelings too

**Ducks and Geese need water to drink and water to swim in to keep healthy**

**Help them find the right path to their swimming bowl in the grass.**

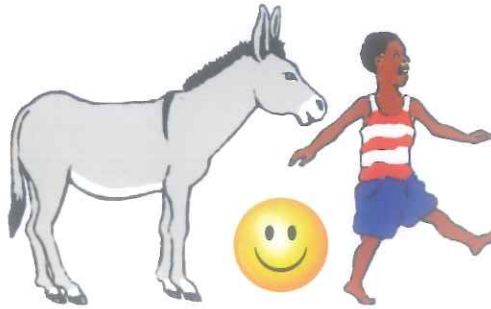

# Animal Facts

People and animals have feelings.

Sometimes we feel sad.

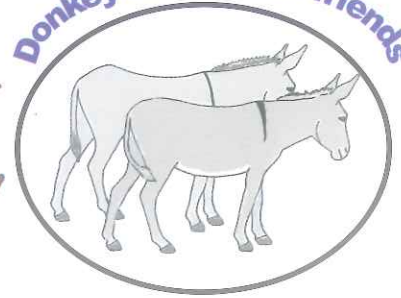

Try and be kind and thoughtful to others when they are sad

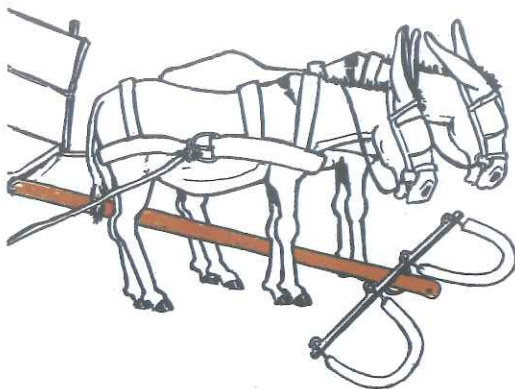

Sometimes we feel happy.

Enjoy the fun when others are happy

Donkeys have best friends

Appreciate your friends

Donkeys work very hard to help people. They are a great assistance to people.

They carry water, wood, food, building supplies and transport people.

We need to make sure that we look after them well so that they stay fit and healthy.

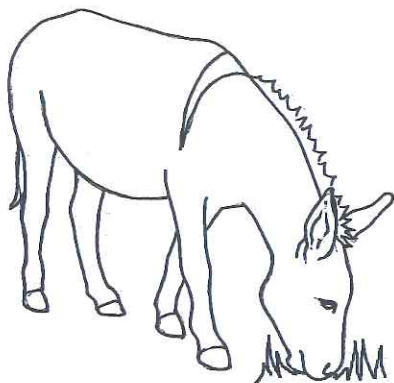

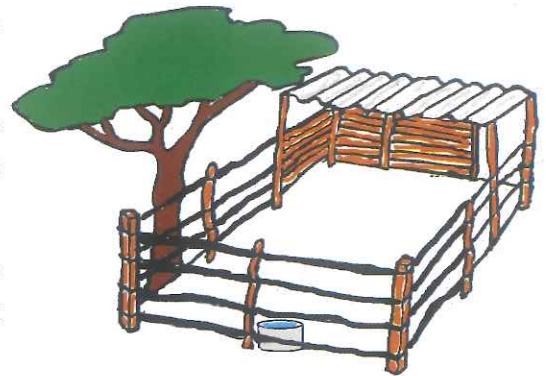

Don't whip them. A smart driver can use his voice and whistles

People and animals need a safe place to live in.

Shelter and protection are important to keep us all safe and dry.

People and animals need a good place to go home to at night.

Donkeys need plenty of time to eat grass so that they can stay strong and fit.

Donkeys need to drink lots of water in the morning and in the evening. They work so hard and need water to keep fit.

All animals and people need food and water to survive.
